

# Happy Trails Farm Animal Sanctuary

## Deerfield Horse Flier

15 rescued horses from the Deerfield situation in April have officially been signed over to Happy Trails. We are now able to actively seek adoptive homes for these wonderful animals.

### Pal

- 20 years old
- recently gelded
- should be rideable after gaining a bit more weight
- nice to work with

### Bogey

- 6 years old
- recently gelded
- small, about 14 hands
- had severe "elf shoes"
- may or may not be rideable after recovery. Tendons were stressed due to severe hoof neglect.

### Dixie

- 11 year old mare
- blind in left eye
- small, about 14 hands
- had severe "elf shoes"
- may or may not be rideable after recovery. Tendons were stressed due to severe hoof neglect.

### Sierra

- 10 year old mare
- needs a compassionate guardian who understands that she needs to be worked with
- had incredibly overgrown hooves
- not expected to recover enough to ride

### Ruby

- 6 year old mare
- horrific neglect of her hooves, resulting in atrophy in her hind quarters
- candidate as a Pasture Pal, but will not be able to ride

**All Deerfield horses are in various stages of recovery.**

Please consider adopting or fostering one of the very special Deerfield horses. Some will recover to good health and will have a good quality of life, but may never be able to be ridden. Some will make an excellent buddy for another horse. Some need worked with daily, and with time and patience, will make a great family pet!

Happy Trails has spent a fortune on the medical care, rehab, surgeries, farrier services, nutritional needs, and shelter requirements of these rescued horses. Though they have no value on the horse market, they are worth their weight in gold due to us due to the extreme trauma and neglect they have experienced in their lives — ***they are true survivors!***

In lieu of an adoption fee for the Deerfield horses, we are simply asking for a minimum \$100 donation so that we might help the next neglected horse that comes through our rescue program!

**For Adoption Information  
Call Happy Trails**

**330-296-5914**

**(Shown here —5 of 10 Deerfield  
horses available  
now for adoption)**

# Happy Trails Farm Animal Sanctuary Deerfield Horse Flier

15 rescued horses from the Deerfield situation in April have officially been signed over to Happy Trails. We are now able to actively seek adoptive homes for these wonderful animals.

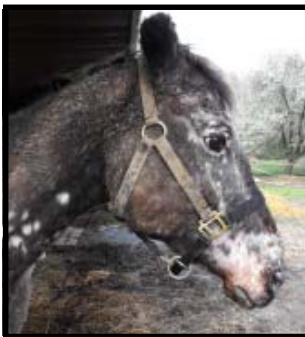

## Peanut

- 6 year old mare
- bad stifle
- will not be able to be ridden, but can be a great companion
- very pretty

## Brandy

- 6 years old
- recently gelded
- small, about 14 hands
- had severe "elf shoes"
- may or may not be rideable after recovery. Tendons were stressed due to severe hoof neglect.

## Sage

- 10 year old mare
- typical Appaloosa color
- small, about 14.2 hands
- should be able to be ridden after gaining more weight. She was about 300 lbs. under weight.

## Heidi

- 6 year old mare
- beautiful Palomino
- had really neglected hooves
- may recover enough to ride once her hooves are healthy again

## Newt

- 15 year old gelding
- handsome buckskin
- great to work with — very friendly
- may be able to do some very light riding after he gains more. Not trained.
